HarveyThatch is an advanced product which gives you all the benefits of natural thatch. HarveyThatch has been successfully used at prime lodges and estates throughout Africa. This has earned it the reputation as the superior steel tile solution coated with natural stone.

BENEFITS OF HARVEYTHATCH

-  Easily withstands the elements
-  Bird, vermin, algae and fungi proof
-  Lightning safe
-  Reduced fire hazard
-  Monkey-proof

Re-roofing with HarveyThatch is waste-free and quick to install over original thatch, ensuring no disruption to your tenants. HarveyThatch also retains the warmth and ambience of natural thatch. Alternatively, HarveyThatch is ideal for new roofs or your lapa.
